

TOM WOOD JAGUAR LAND ROVER VOLVO RETAIL SALES LOCATION

With a goal of combining three luxury brands under a single roof, Tom Wood Automotive Group hired Lauth to expand and re-design its existing dealership into a full-service sales and service facility with two distinct entrances and separate service departments. The dealership remained open during construction requiring detailed schedule planning to minimize disruption. The separate showrooms are connected by a rear hallway which also provides access to the second floor office and meeting space.

Project Description

- Full service sales, parts, & maintenance
- Separate service bays
- Custom showroom design
- Custom lounge areas
- 2nd floor office, employee lounge and boardroom

Location

- Indianapolis, IN

Building

- 28,000 SF expansion
